EXCEPTIONS Children who are under the child protective service (CPS) supervision of the State lead agency are eligible to receive subsidized assistance or services whenever child care is required as part of a case treatment plan. If family income exceeds the client income eligibility level, services may be provided without regard to income and the co-payment is assessed based upon the highest amount indicated in the appropriate child care co-payment scale for the size of the family. For children who are in paid foster placement, the co-payment is assessed based on the income of the child. Since in most cases, the child has no income, the assessed child care co-payment is almost always \$0.

For CPS children who are residing with a related or unrelated caregiver or para-home care provider, the co-payment is assessed on the basis of family size and income.

For CPS children residing in their own home with their own parents, the co-payment is assessed on the basis of family size and income.

If it has been determined that payment of the full co-payment amount will cause undue hardship to the CPS family or place the child, the siblings or the protective service case plan in jeopardy, the DYFS Case Manager may reduce or waive the co-payment on a case-by-case basis.
